**Subject:** Spring PLP Conferences To Be Rescheduled

Parker Students and Families:

We are writing to update a message we sent out yesterday. Spring Personal Learning Plan (PLP) conferences originally scheduled for Friday, March 13th, will NOT be held. We will plan to reschedule them when possible. Parker classes will NOT be in session tomorrow and students should not come to campus. Teachers will use the day to plan for significant anticipated disruptions to the school's schedule and attendance patterns this spring. This is a proactive step to create some teacher planning time in order to prioritize and plan for student learning in the weeks ahead. To our knowledge, there is currently no case of COVID-19 in our community. You will receive more information tomorrow about our plans relative to rescheduling spring PLP conferences.
